EMPATHY MAP

Streamlining IT Procurement: Automating Standard Laptop Orders

SAYS

- Submits laptop request.
- Waits for approval.
- Follows up with IT/ Procurement.
- Checks order status.

FEELS

- Frustrated by manual processes.
- Anxious about delays.
- Confused by multiple steps.
- Happy when the process is quick.

DOES

- Simple laptop request.
- Automatic approval workflow.
- Standard laptop catalog
- Real-time status tracking.

THINKS

- Why does approval take so long?
- Can this order be automated?
- I hope I receive the correct laptop.

POINTSPAIN

- Too many manual steps.
- Slow approvals.
- Repeated data entry.
- Lack of order tracking.

NEEDS

- Simple laptop request form.
- Automatic approval workflow.
- Standard laptop catalog.
- Automatic procurement task creation.
